

OUR WORK PLACE PARTNERS

Jessica Cutner, Year 12 Satellite Class 2007, participated in the VET Business Services Program and as part of this program, needed to complete mandatory hours in the work place. Jessica was placed at Mardens Law Group, Campbelltown for a one week block.

Jessica at her desk at Marsdens this year.

MARSDEN TESTIMONIAL

It was an absolute pleasure to have Jessica Cutner working with Marsdens Law Group's Campbelltown office in November/December 2007 as part of her Structured Work Placement.

Jessica was both excited and determined to learn as much as she could during her week with the firm and just having her around the office was great not only for Jessica but for our staff. After being shown a task the first time, Jessica never had to be reminded about anything, taking on the filing, photocopying and other tasks like a duck to water. She showed great attention and dedication to her work. I received a number of emails from staff acknowledging Jessica's work and her great attitude.

Now Jessica is working with Marsdens Law Group every Monday as she begins her transition into the full time work place. Marsdens are both honoured and proud to take a part in Jessica's work transition and would recommend any other employers in the Macarthur District to give some thought to assisting in work placement with Mater Dei's Structured Work Placement Program.
